MITCHELL LECTURE (4:30 - 5:30)

Dr. David Spain

"Stop the Bleed and Zero Preventable Deaths"

MITCHELL LECTURE RECEPTION
(5:30 - 6:30)

Dr. Spain grew up in Michigan and attended medical school at Wayne State University in Detroit. Following his general surgery at University of Medicine & Dentistry of New Jersey Robert Wood Johnson, he pursued additional training in Trauma, Burns and Surgical Critical Care at the University of Louisville. After that, he joined the faculty at Louisville where he spent his formative years.

In June 2017 he became a Director for the American Board of Surgery. He serves on the Editorial Boards of the Journal of Trauma, Scientific American's Surgery and Critical Care of the Surgical Patient and the Merck Manual. While at Stanford, Dr. Spain has received 4 major teaching awards from the general surgery and emergency medicine residency programs.
