| Obtain complete history and physical          | PC, MK, SBP, P | Clinical teaching 1 minute preceptor | Global assessment  
Chart review by faculty FAC |
| Perform pelvic exam in labor                  | PC           | Clinical teaching Simulation | Global assessment  
Direct supervision by faculty FAC |
| Interpretation of fetal monitor strip         | MK, PC, PBLI | Didactic lecture Clinical teaching Simulation | Global assessment  
Direct supervision by faculty CREOG Exam Certification |
| Efficient management of triage                | PC, MK, SBP, C | Clinical teaching 1 minute preceptor | Global assessment  
360 evaluation Hospital QI tracking |
| Manage normal labor and delivery             | MK, PC, SBP, P | Assigned reading / Presentations Didactics | Global assessment  
In service exam (CREOG) |
| Perform spontaneous vaginal delivery          | PC, SBP, MK, P | Clinical teaching Simulation | Global assessment  
360 evaluation S-FAC |
| Perform episiotomy and repair                 | PC, MK       | Clinical teaching Simulation | Global assessment S-FAC |
| Perform 3\(^{rd}\) and 4\(^{th}\) degree laceration repairs | PC, MK | Clinical teaching Simulation | Global assessment S-FAC |

Objectives

Rotation: Obstetrics

PGY: 1
Objectives

Rotation: Obstetrics

Appendix A

Amniocentesis - Genetic diagnosis
Amniocentesis - Maturity assessment
Anesthetics/analgesics - Epidural
Anesthetics/analgesics - General
Anesthetics/analgesics –Spinal
Cardiopulmonary resuscitation - Bag and mask ventilation
Chorionic Villus Sampling
Cordocentesis
Ultrasound examination – Abdominal – Targeted
Version of breech, external
Appendix B

Amnioinfusion
Amniotomy
Anesthetics/analgesics - Adm. of narcotic antagonists Amniotomy
Anesthetics/analgesics - Adm. of parenteral analgesics/sedatives
Cardiopulmonary resuscitation - Airway maintenance
Cardiopulmonary resuscitation - Chest compressions
Cervical ripening prior to induction
Circumcision, neonatal (with anesthesia)
Episiotomy and repair - Episioproctotomy
Episiotomy and repair - Mediolateral
Episiotomy and repair - Midline
Fetal assessment, antepartum - Biophysical profile
Fetal assessment, antepartum - Contraction stress test
Fetal assessment, antepartum - Nonstress test
Fetal assessment, antepartum - Vibroacoustic stimulation
Fetal assessment, intrapartum - Fetal heart rate monitoring (internal/external)
Fetal assessment, intrapartum - Fetal scalp stimulation test
Induction of labor with prostaglandins or oxytocin
Manual removal of the placenta
Neonatal resuscitation, immediate
Placement of internal monitors
Repair of genital tract lacerations - Cervical
Repair of genital tract lacerations - Perineal
Repair of genital tract lacerations - Vaginal
Sterilization
Suction evacuation for first-trimester fetal death
Objectives

**Rotation: Obstetrics**

- Ultrasound examinations - Abdominal - screening
- Ultrasound examinations - Endovaginal
- Vaginal delivery, spontaneous
- Wound care - Incision and drainage of abscess or hematoma
