

Nomination Form

Mayer Mitchell Annual Award for Excellence in Cancer Research

“The purpose of the Endowment for the Mayer Mitchell Annual Award for Excellence in Cancer Research is to provide an unrestricted award to a promising scholar/scientist determined by the Director of the Mitchell Cancer Institute upon recommendation of a committee of the faculty of the Mitchell Cancer Institute. The award is unrestricted and can be used for any purpose, other than salary enhancement, to include, but not limited to travel, equipment, research, expenses and the hiring of research assistants.”

The criteria that will be used for evaluation and selection of the recipient of the award are identified below. Please complete each section and include specific examples (most recent 3-5 year period). A current CV and a letter from your department chair for the nominated individual should be attached to this form.

Scientist Nominated:

Department:

1. Describe the research conducted and how it contributes to our state of knowledge in the field of oncology (1/2 page).
2. List any entrepreneurial activities (patents, licensing agreements, etc.) resulting from this research.
3. List scientific articles submitted and accepted for publication.
4. List grant submission activity and success.
5. List any peer recognition, honors, and awards received.
 - 1) Peer recognition:
 - 2) Honors and awards received:
6. Describe contributions of the researcher to building a “team environment” at the MCI (5 sentences).

Deadline for nominations: October 22, 2021

Nominations and supporting documentation should be submitted to Estella Raymond at the USA Health Mitchell Cancer Institute, 1660 Springhill Avenue, Mobile, AL 36604-1450 or by email at eraymond@health.southalabama.edu.
